Course Introduction

Learning Chinese is a way for international students to know about China, as well as an important advantage for foreigners to work in China. As one of the universities with a long history of teaching Chinese to overseas international students, Shanghai Ocean University College of International Cultural Exchange not only has an excellent teaching team, but also has been committed to the development and research of Chinese language courses for many years. In order to meet the demands of Chinese learning for international students, Chinese language training courses at all levels are set up. According to the characteristics of the Chinese, our courses provide various special training's for international students, including Elementary courses and Intensive courses, which can help them improve their language ability in a short time more effectively and easily.
